Which of the following best describes your tolerance for loss of your CAPITAL that is invested in the Fund (having regard to your response to the previous question).

Capital loss in an investment is the loss of the principal value of an investment over time (i.e. decrease in the unit value).

- Low** - For my/our investment in the Fund, I/we cannot afford to lose any capital. I want to keep my money as safe as possible, even if it means earning a lower return.
- Medium** - For my/our investment in the Fund, I/we accept that I/we could lose some capital and/or not receive income payments, but I prefer it to be minimal because I'm comfortable with moderate returns.
- High** - For my/our investment in the Fund, I/we accept that I/we could lose all my/our capital and/or not receive income payments and am willing to take on more risk to receive higher returns.

In investing into this product, are you looking for a product that is capital guaranteed?

- Yes No

*A capital guaranteed product is one that is covered by the Australian Government's Financial Claims Scheme which covers deposits with authorised deposit taking institutions up to \$250,000.
